

Beckton & Royal Docks Children's Centre Tip Sheet

Salad Spinner Art

This is a fun way for your children to be creative and get messy!

You will need:

- Salad spinner
- Child safe paint
- Paper, card or paper plates
- Scissors (adult supervision a must)

Simply cut your paper, card or paper plate to fit into the bottom of the salad spinner, and then let your child put small blobs of paint in different colours into the salad spinner. Put on the lid and then let your child turn the handle to start spinning.

Try different colour combinations or even adding glitter!
