

Beckton & Royal Docks Children's Centre Tip Sheet

Number songs

I Can Count

I can count, want to see?

Here's my fingers- one, two, three *(Hold up fingers as you count)*

Four and five, this hand is done.

Now I'll count the other one.

Six, seven, eight and nine *(Hold up fingers on other hand)*

Just one more, I'm doing fine.

The last little finger is number ten.

Now I'll count them all again.

One, two, three, four, five, six, seven, eight, nine, ten!

Rhyme to help children write numbers

Number 1 is big and tall, stand him up so he won't fall.

Number 2 goes backwards and along, please make sure you don't go wrong.

Two little curls for number 3, one for you and one for me.

Number 4 goes down and across, give him a stick so he's the boss.

Number 5 is a funny chap, around his tummy and give him a hat.

Number 6 looks like a curl in your hair, twiddle it around to show that it's there,

Number 7 starts with a hat, then goes down just like that,

Number eight makes an S then go back to join it up.

Number 9 is like a ball on a stick, start with a C then go up and down quick.

Number 10, that's a lot of fun, write 1 and a nought and now it's all done!

Dinosaurs

Five enormous dinosaurs

Letting out a roar

One went away, and

Then there were four.

Four enormous dinosaurs

Crashing down a tree,

One went away, and

Then there were three.

Three enormous dinosaurs

Eating potato stew,

One went away, and

Then there were two.

Two enormous dinosaurs,

Trying to run

One ran away, and then there was one.

One enormous dinosaur,

Afraid to be a hero,

He went away and then there were zero.
