

Beckton & Royal Docks Children's Centre Tip Sheet

Ice Paints

This activity is really good for creative, sensory, messy play!

You will need:

- Ice cube tray
- Child safe paint
- Water
- Lolly sticks (optional)
- Paper or cardboard-empty cereal packets for example

Add paint to ice cube tray, top up with water. Add lolly stick if using then put into a freezer. Once frozen pop out of the tray and let your child enjoy the sensory experience of ice while making marks on the paper or card.
